

Structure **SV2**

Magnelis®

Anti-corrosion coating

25°

Inclination angle:
25°

Module arrangement:
Vertical two-row

Specifications:

Material:	S350 high-strength structural steel
Anti-corrosion coating:	Magnelis®
Warranty on construction and coating:	20 years
Technology:	Suitable for mounting any PV module
Application:	Farms and micro installations
Structural standards:	PN-EN 1990 i PN-EN 1993

Profile:

Pole: C100x60mm	Purlin: C100x48mm
Purlin: C100x48mm	Braces: C75x48mm
Fasteners: A2- 70	Clamps: Silver or black ALU EN AW- 6063

Additional options:

Inverter mount
Additional braces
Tilt angle 25° to 35°
